

Pinelands Development Credit Program

April 2016

The PDC Program -- Briefly

- PDCs are development rights that are allocated by the Pinelands Commission to properties in sending areas that can be transferred to increase the amount of residential development permitted on other properties in receiving areas.
- Each PDC transfers the right to build four homes and can be bought and sold in 1/4 (or 1 right) increments.

Sending Areas

- Include preservation (294,000 acres) and agricultural areas (106,000 acres).
- Conservation or agricultural easements are placed on the sending properties when the PDCs are severed.

Receiving Areas

- Receiving areas consist of 24 Regional Growth Areas (76,000 acres) where municipal zoning plans allow for bonus densities through the use of PDCs or require a minimum % of PDC use.
- PDCs can also be used in other areas of the Pinelands to build homes on undersized lots or on lots that require waivers (deviations) from environmental standards.

RIGHTS ALLOCATED THROUGH FISCAL 2015

TOTAL RIGHTS ALLOCATED:

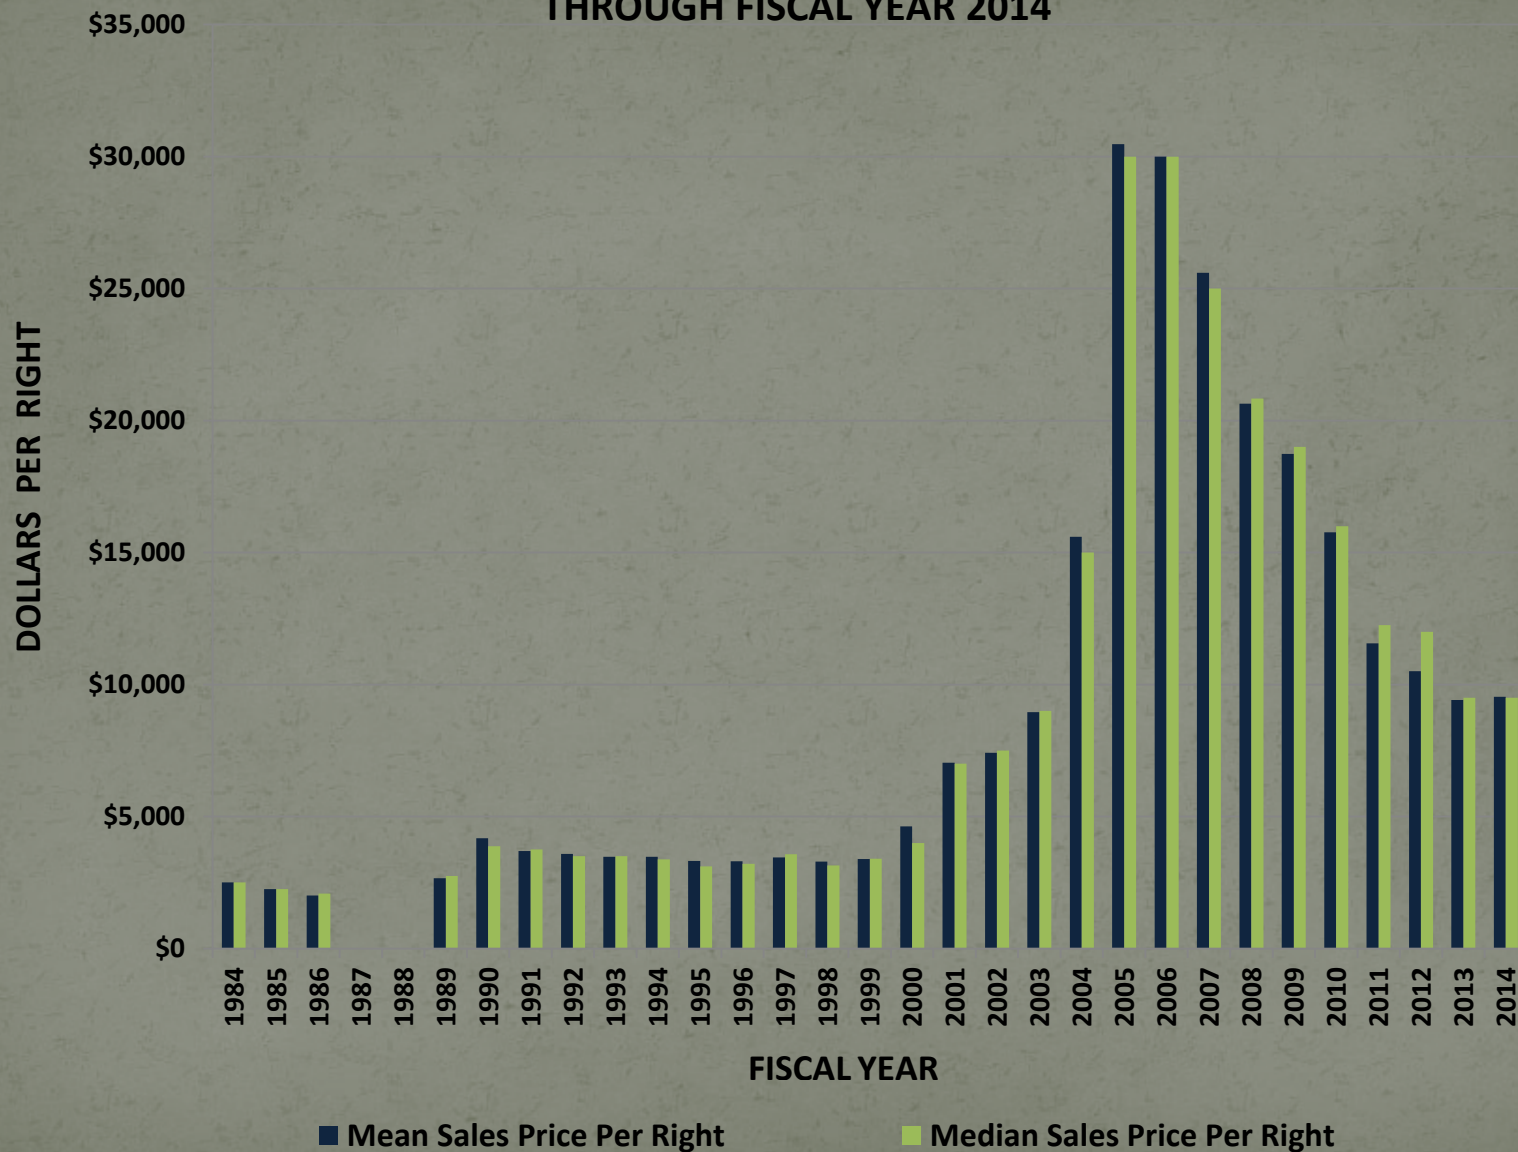

11,408

PDC Program Lands Preserved by Management Area Through Fiscal Year 2015

Total: 51,929 acres
