

# CAPITAL ARTS-HISTORIC LOCATIONS AWARDED PROJECTS

The New Jersey Historic Trust was created in 1967 to preserve New Jersey’s historic resources across the state. The Trust is a government and non-profit agency whose mission is to advance historic preservation in New Jersey through historic preservation sensitive state policies, funding programs, and education initiatives.

The Capital Arts-Historic Locations Grant Program is presented through a partnership between the New Jersey State Council on the Arts and the New Jersey Historic Trust to support capital projects for nonprofit arts organizations located in New Jersey. The program is designed to support organizations operating within buildings that are listed or eligible for listing in the New Jersey and/or National Register of Historic Places. Funds will be used for construction expenses related to preservation, restoration, repair, and expansion to improve or enhance facilities. Grant funding is provided by the New Jersey State Council on the Arts and reviewed and administered by the New Jersey Historic Trust. For FY23 there were 13 grants awarded totaling approximately \$2.7 million, with a maximum award of \$250,000 per grantee.
