The blue bar indicates DCF performance in the current month.

The red bar indicates the difference between the current performance and the Exit Plan target.

<sup>&</sup>lt;sup>1</sup>Reported performance understates actual performance in some measures because data does not exclude all instances where an event could not occur.

<sup>&</sup>lt;sup>2</sup> Compliance for Parent-Child Weekly Visits is measured by percent of children with weekly visits averaged over the number of weeks in the month.

<sup>&</sup>lt;sup>3</sup> Caseworker visits with Children in Placement (all locations) November 2018: *96%*.

<sup>1</sup> Some children may be served by both CP&P and CSOC and are over-represented in the final count of children served in the month.

<sup>&</sup>lt;sup>2</sup> The definition for "Youth Open with CSOC" reflects youth who are involved and eligible to receive services through CSOC.

<sup>&</sup>lt;sup>3</sup> FCP measures clients served in SBYSP and DV Services. Since Family Success Centers and Home Visitation programs report data in terms of families served, each family is assumed to have at least one client.

<sup>&</sup>lt;sup>4</sup> Families served by DCF includes CP&P families and FCP families. FCP families served data has a one month lag.

 $<sup>^{5}</sup>$  CSOC Children may receive multiple services and are counted multiple times.

<sup>&</sup>lt;sup>6</sup> FCP quick facts are based on new families for FSCs, but both new and ongoing clients for Home Visiting and SBYSP. DoW quick facts are based on new clients for DV Services, but both new and ongoing clients served for SAARC, Displaced Homemakers and Rape Prevention Education.

<sup>&</sup>lt;sup>7</sup>The cumulative number of human trafficking referrals between **November 2013** and **November 2018** was 763. This figure could change depending on when the data is extracted.

<sup>8</sup> Appropriate use of shelters include 1) alternative to detention 2) short term placement of an adolescent in crisis not to extend beyond 30 days 3) a basic center for homeless youth.
OOH Behavioral Health Settings: Children Served - Excludes Youth in Detention Alternatives and Diagnostic Settings.

Effective June 2017, All DoW data is reported Monthly except for Residential DV shelters and Unmet Needs Data.

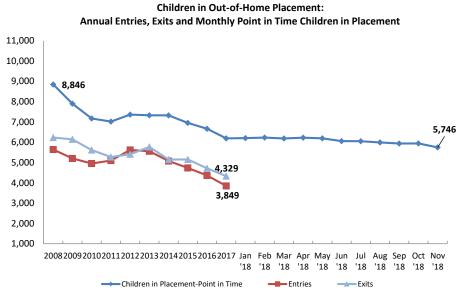

<sup>\*</sup> Displaced Homemaker data is not available for the month of October 2018. As a result, the total number of clients served for DOW does not include DH clients served.

<sup>\*\*</sup>RPE began using a new web-based data system in October 2018. Some data is missing at the time this report was generated.

## IAIU Caseload Report by Region

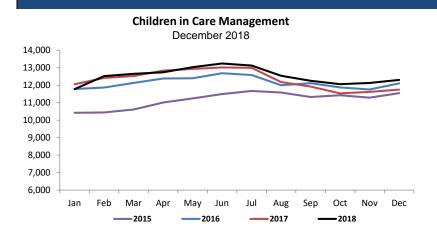

November 2018

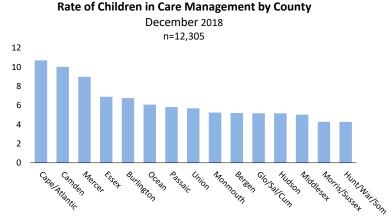

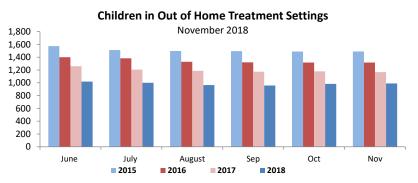

<sup>&</sup>lt;sup>5</sup> The terms "out-of-home" and "in-home" may not be appropriate for all 18-21 year olds. Youth identified as "in-home" can either be residing with a parent/relative, or living independently. Any of these youth may be receiving services. These definitions are currently being reviewed to better understand how we capture DCF's work with this population. The goal of this ongoing work is to create three meaningful categories for 18-21 year olds 1) Youth in a formal out-of-home placement setting. 2) Youth that achieved permanency, and 3) Youth that never achieved permanency.
