

career pathway connections

Employment Services

Career Pathway Connections provides opportunities for individuals with hearing loss to enter the workforce and obtain sustainable employment.

Our Goal

To empower participants with training and education so that they may achieve their maximum potential through increased independence, productivity, and work place integration.

Pre-employment Transition Services • Vocational Assessments • Job Readiness Training Classes • Job Placement • Job Coaching • Assistive Technology Demonstrations for the deaf, hard of hearing, late deafened adults, and cochlear implant users.

Our Services

WORK

Career Pathway Connections

Run by staff who are proficient in American Sign Language, skilled in identifying work place accommodations, trained in assistive technologies, and knowledgeable in resources for the deaf and hard of hearing.

Our Services

Pre-Employment Transition Services: Develop work readiness skills and promote advocacy awareness for students (ages 14-21) transitioning into work. Tour community colleges and connect with college counselors. Engage in job site tours to observe industry specific opportunities.

Vocational Assessments: Determines skills, abilities, and potential to reach a reasonable vocational goal that is a best fit for participants.

Job Readiness Training: Teaches participants effective resume development writing, interviewing techniques, job-development, follow-up skills, self advocacy, and the ability to be an active part of a job club.

Job Placement: Provides assistance and strategies in finding job leads and a job match that is a best fit for the participants.

Job Coaching: Provides on-the-job training support, assistive technology education, and integrates reasonable accommodations to ensure successful employment.

Assistive Technology Demonstrations: Discover and understand what devices are available to make your home and workplace accessible for you or other individuals with hearing loss.

“Building careers and paving pathways to success”
