

Medicaid Monthly Renewal Report

October 2023 Report

Introduction to the monthly renewal report

The federal government gave states **12 months to redetermine** all members' eligibility for Medicaid, which means that around **one-twelfth of our 2 million members** will start going through the renewal process each month.

NJ FamilyCare wants to share information with the public throughout this process. We will provide monthly updates on data and reports to show our progress. We are focused on ensuring equitable outcomes across geography, racial and ethnic backgrounds, income, and disability status.

Below is an overview of key renewal and call center data between April 1st and October 31st, 2023. NJ FamilyCare will begin reporting on call center outcomes related to Unwinding beginning in October 2023.

Status of Renewals Initiated for Redetermination as of October 31st, 2023

- 1,151,915 NJ FamilyCare members had their renewals initiated
 - 397,889 (35%) members were renewed and retained in NJ FamilyCare¹
 - 245,007 (21%) members no longer qualified for NJ FamilyCare because they were determined ineligible or terminated for procedural reasons
 - 241,329 (21%) members have their renewal outcomes pending
 - 267,690 (23%) members had their renewals initiated but were not yet due²

During Unwinding, NJ FamilyCare's primary call center (1-800-701-0710) has experienced a historic surge in call volume. Below are call center data between October 1st and October 31st, 2023

- 168,417 incoming calls received
- 25 mins average speed to answer
- 3 mins average hold time in queue

NJ FamilyCare is taking steps to reduce average speed to answer. Actions we are taking include training and deploying new staff to support high call volume and offering a new callback feature so that members do not need to wait on hold.

1. Includes 52,980 NJ FamilyCare members whose renewals were initiated in August and September and due in November and December who have been renewed automatically

2. Excludes 52,980 NJ FamilyCare members whose renewals were initiated in August and September and due in November and December who have been renewed automatically

NJ FamilyCare started Medicaid eligibility checks in April 2023 with the goal of supporting our members

NJ FamilyCare enrollment

Total members enrolled in NJ FamilyCare¹

Percent change in NJ FamilyCare enrollment between March 2020 – March 2023

1. The enrollment counts in this report differ from those in the NJFC Public Statistics dashboard due to differences in timeframes, and inclusion and exclusion criteria. The enrollment counts in this report include individuals in Medicare Savings Program (excluded from Public Stats); and exclude presumptively eligible members and individuals receiving State-only funded coverage or federally funded NJFC coverage for emergency services only (these populations are included in the NJFC Public Statistics dashboard). Furthermore, each month's net enrollment count results from the combined impact of new enrollments and disenrollments in the program.

2. March 2020 represents the start of Public Health Emergency (PHE)-related continuous enrollment period

3. March 2023 represents end of PHE-related continuous enrollment period

Renewal status snapshot

1. This enrollment count excludes members who were in reasonable opportunity to confirm their immigration status in the month prior to the start of Unwinding and new enrollees after the start of PHE Unwinding.
2. New Jersey residents who receive Supplemental Security Income (SSI) from the federal Social Security Administration (SSA) and children supervised by the Department of Children and Families (DCF) are automatically eligible for Medicaid and not included in the PHE Unwinding renewal schedule.
3. Reasons for procedural terminations include non-response or insufficient response to renewal.
4. This includes members whose renewals are due and who have not responded or responded with insufficient information and will be given a grace period, members whose renewals are pending a final eligibility decision, members who requested a good cause extension or have been granted a good cause extension due to operational reasons, and members who have an open / active request for information case. These member segments are not broken out in this report due to limitations of the source data systems.
5. This includes members whose renewals have been initiated but not yet due.
