

PRE-PETITION SELF-ASSESSMENT SURVEY

Recent and Future Development and Growth

1. Is there significant development (e.g. residential units, commercial square footage) currently in the pipeline? Please differentiate this data based on whether projects are in review, have preliminary, final and/or conditional approval, or are under construction.

Yes. There are a number of redevelopment projects currently in various stages of planning and development within the Regional Center. These projects are listed below:

Somerville Landfill, Somerville – Adopted Redevelopment Plan proposes the development of a mixed-use commercial residential facility.

Downtown Somerville Shopping Center, Somerville – Adopted Redevelopment Plan envisions a mixed-use development including up to 275 residential units, mixed with substantial retail and office use and structured parking.

Somerville Eastern Central Business District, Somerville – Preliminary studies call for a mix of retail, office, service and residential uses.

Raritan Woolen Mills, Raritan – Construction on portions of the development recently commenced. Development includes high-density multi-family housing, which includes a low-and-moderate income housing component.

In addition, to the above mentioned projects, there are a number of other sites that are proposed for redevelopment some time in the long time future. These sites include:

*Kirby Avenue, Somerville
Wyeth Site, Bridgewater
Orlando Drive, Raritan
Johnson Drive, Raritan*

2. Can any of these projects in the pipeline incorporate ideas for urban design, circulation, green building, etc. that arise during the Plan Endorsement process?

Yes. The opportunity exists to incorporate ideas for urban design, circulation, green building, etc. that arise during the Plan Endorsement process for the following projects:

*Somerville Landfill, Somerville
Downtown Somerville Shopping Center, Somerville
Somerville Eastern Central Business District, Somerville
Kirby Avenue, Somerville
Wyeth Site, Bridgewater
Orlando Drive, Raritan
Johnson Drive, Raritan*

3. Is growth expected beyond the pipeline projects and how will this be accommodated?

Yes future growth is expected beyond the pipeline projects. The majority of new development in the Regional Center is expected to be primarily accommodated via redevelopment and rehabilitation.

4. Where limited growth is expected, please provide a thorough explanation considering land availability, redevelopment opportunities, environmental constraints, and infrastructure capacity.

Future growth in the Regional Center is expected to be primarily accommodated via redevelopment and rehabilitation due in part to larger economic trends and the fact that the Regional Center is essentially built out. The Regional Center has a large concentration of industrial space, much of it vacant. The redevelopment of these sites is expected to accommodate most future new growth. Typically, water and sewer systems in older urbanized areas have sufficient capacity for redevelopment because they were originally constructed to serve large

industrial users with much higher demands than commercial and residential users typically have expected beyond the pipeline projects.

Centers

Does the petition contain plans and regulations to provide for a center or centers that:

1. Accommodate any anticipated future population and employment growth?

Yes. The petition includes the following plans or regulations to provide for a center or centers that accommodate any anticipated future population and employment growth:

Somerset County Regional Center Plans or Regulations

- ✓ *Development, Redev & the Protection of Critical Environmental Areas: Opportunities for Watershed Protection & Eco Growth in NJ's Urban & Suburban Watersheds Case Study: The Somerset Regional Center 03-07*
- ✓ *Regional Center Strategic Master Plan 11-06*

Township of Bridgewater Plans or Regulations

- ✓ Regional Center Master Plan Element 09-30-04
- ✓ Comprehensive Master Plan 90
- ✓ Land Use Chapter 126 12-09-76
- ✓ Finderne Neighborhood Plan 03-01-07
- ✓ Strategic Vision Plan for the 21st Century 06-97

Borough of Somerville Plans or Regulations

- ✓ Master Plan 07-11-90
- ✓ Master Plan Amendment 11-24-03
- ✓ Land Use & Development Chapter 102 4-16-01
- ✓ Somerville Parking Report 03-21-02
- ✓ Somerville Landfill Redevelopment Area
 - Somerville Station Area & Landfill Vision Plan 01-07
 - Preliminary Investigation for Determination in Need 10-05
 - Ordinance 2051 Adopting Redevelopment Plan 03-16-98 & Redevelopment Plan 02-25-98
- ✓ Kirby Avenue Redevelopment Area
 - Preliminary Investigation for Determination in Need 03-06
- ✓ Eastern Central Business District
 - DRAFT Redevelopment Plan 06-06
 - Eastern Central Business District Redevelopment Study 02-99
- ✓ West Main Street Redevelopment Area
 - Ordinance No. 2182 Amending Redev Plan 12-06-04
 - Redevelopment Plan West Main Street Area 02-17-04
- ✓ Vision Plan for Downtown Somerville 9-13-91

5. Where centers are proposed for existing developed areas that currently do not have center characteristics, promote the retrofitting of development? Examples of retrofitting include:

Old (existing)	New (vision, plan)
Auto-oriented isolated uses.	Compact, pedestrian-friendly, mixed-use.
Highway frontage and driveway access. Cul-de-sacs.	Internal "main streets" and road network off state and county roads.
Large parking lots out front.	Shared parking; strategic parking.
Under-utilized transit difficult to access.	Convenient and accessible transit.

Yes. The petition includes the following plans or regulations to provide for a retrofitting of development:

Somerset County Regional Center Plans or Regulations

- ✓ Regional Center Strategic Master Plan 11-06
- ✓ Regional Center Partnership Planning Retreat: Charting an Action Agenda 07-05
- ✓ Neighborhood Traffic Calming & Implementation Plan Phase 2 Report 03-05
