Teen CERT is a training program that prepares you to help yourself, your family, and your school in the event of a disaster. By getting trained in Teen CERT, you will have the skills to help emergency responders, save lives, and protect property.

Under the direction of school and local emergency responders, teams help provide critical support by giving immediate assistance to victims, providing damage assessment information, organizing other volunteers at a disaster site, shelter support, crowd control, and evacuation. **The role of a Teen CERT volunteer is to help others until trained emergency personnel arrive.**
